NEWS RELEASE

To: Herald Times Reporter Date: December 7, 2009
From: Mark McLaughlin, Director of Marketing (684-7171 Ext 329)
Release: IMMEDIATELY
Headline: FELICIAN VILLAGE OFFERS RESPITE PROGRAM

During this busy holiday season, Pat Kaldor, President/CEO, Felician Village, reminds the community of the availability of respite care on the Felician Village campus. Felician Village Respite Care provides 24-hour a day care on a temporary basis to provide relief for a home-based care giver.

“This will be of particular interest to care givers at this time of year” according to Kaldor. “Many people who are caring for a loved one need assistance to allow time for something as short-term as Christmas shopping or a well deserved holiday vacation. We know they are devoted to their loved one but the care giver needs to take care of their own health, too.” Kaldor explained.

To participate in Felician Village Respite Care, pre-registration and a brief assessment are required. Once admitted to the respite care program, the person is cared for, has meals provided and participates in activities. The person will have their own private bedroom with television and private bathroom.

For more information about who is eligible for Felician Village Respite Care, how to schedule an assessment, and the fees, call 920-684-7171, ext 231.
