

Next Step Rehabilitation

Bridging the gap between hospital and home

■ Outpatient services

We provide a full range of physical, occupational and speech therapy services on an outpatient basis for people in the community. Our therapy department is furnished with the latest equipment, including a fully furnished apartment area allowing patients to safely practice and strengthen a variety of daily living skills.

We can assist you in obtaining a physician referral and help pre-certify your insurance coverage so you understand the coverage. **For more information on outpatient services, contact the Felician Village Therapy Department at 684-7171, ext. 288.**

Transitional care and rehabilitation services

Felician Village

■ Rehabilitation services

Our skilled team of therapists delivers the highest standard of clinical excellence.

Physical therapy utilizes a variety of interventions, hands-on techniques, modalities and education to ensure you attain your highest level of safety and independence. We concentrate on improved strength, mobility, balance, coordination, endurance and pain management.

Occupational therapy helps you live a productive, satisfying life while completing normal activities of daily living. We can retrain you in self-care skills such as feeding, dressing, bathing, grooming and home making. We perform an on-site evaluation of your home environment and provide suggestions, changes and adaptations to improve safety and function.

Speech-language pathology assists with all aspects of communication, including speech and swallowing issues. Using the latest technology, we treat language, voice, articulation and fluency disorders. Our primary focus is returning you to your highest potential for communication.

Next Step helps bridge the gap between hospital and home by providing transitional care and rehabilitation services all in a dedicated household. Our patient-focused amenities include private rooms with showers, three meals daily, recreational activities and direct access to campus amenities.

■ Conditions we help treat

- Joint replacement or fractures
- Stroke
- Arthritis
- Orthopedic disorders - e.g. strains, sprains
- Neuromuscular disorders - e.g. Parkinson's, MS
- Lymphedema
- Weakness following hospitalization
- Dysphagia (swallowing problems)
- Cognitive retraining (memory, sequencing)
- Communication (aphasia, augmentation)
- Wound therapy
- And many more!

■ Caring environment

- Care team includes registered nurse manager, registered dietitian, social worker for discharge planning, therapists and nurses
- Staff on-site 24/7
- Admissions 24/7
- Private rooms with TV, WiFi, phone and private bathrooms
- Campus amenities including three restaurants, salon and massage therapy, and on-site medical clinic provided by Holy Family Memorial

■ Spiritual support

As a Catholic organization, we provide a spiritual needs assessment to all patients. Regardless of your religious or spiritual affiliations, we are prepared to provide you with the support you need while you work toward your rehab goals. We offer daily Mass and weekly services for Lutheran/Protestant faiths.

■ Nursing services

Our dedicated, compassionate staff is focused on helping you reach your goals while you recover and rehabilitate with us. We closely monitor your medical condition following hospitalization, including specialty services such as medication management, wound care and advanced respiratory care. In addition, we help you understand your Medicare entitlement to ensure you are receiving your maximum benefit.

Please call 920-684-7171, ext. 231, for more information, to schedule a tour or to pre-register.
