FOR IMMEDIATE RELEASE

Orthopedic surgeon to discuss hip pain options on November 16

MANITOWOC, Wis. (October 31, 2017) - Felician Village and Orthopedics and Sports Medicine BayCare Clinic will host a presentation about hip pain and treatment options on Thursday, November 16, in the Village Hall at Felician Village, 1635 S. 21st St., Manitowoc. Tours of Next Step Rehabilitation and the therapy department at Felician Village will be held at 5:30 p.m. followed by the presentation at 6 p.m.

Orthopedic surgeon, Craig Olson, MD, of Orthopedics & Sports Medicine BayCare Clinic® will discuss a less invasive hip replacement approach where no muscles or tendons are cut, which offers a faster recovery process with less pain and fewer restrictions, resulting in more motion and function of the new hip.

Following the presentation, Olson will answer questions from the audience. The event is free and open to the public. To register, call 684-7171 ext. 329 or email, fvmarketing@felicianvillage.org
