

We know that taking care of someone can be hard – even someone you love. Because finding support is so important, we'll help you find a way to attend the workshop:

I can't leave my loved one alone. We understand, and will help you arrange for respite care.

I don't have time to attend a class. It can be hard to make time for the workshop, but the skills you learn and information you receive can save you time and frustration in the long run. Participants tell us that the time spent learning from and talking with others with similar experiences is invaluable. You will learn techniques to help you better communicate, address stress and frustration.

What is Powerful Tools for Caregivers?

Powerful Tools for Caregivers is a six-week workshop that will teach you how to take care of yourself while caring for someone else. By taking care of your own physical, emotional, and financial needs, you become a better caregiver.

Are you helping a spouse, partner, parent, or friend? Someone who lives at home or in a nursing facility? Someone close by or across the country? It doesn't matter. This program will help you cope with the challenges that come with your role as caregiver.

The workshop will give you tools to:

- Reduce stress, guilt, anger, and depression
- Manage your time, set goals, and solve problems
- Master caregiving transitions
- Make tough decisions
- Communicate effectively with your care receiver, family members, doctors, and paid helpers

Cost: The Class itself is free

\$10 fee covers text book (provided)

When you register, you will receive "The Caregiver Helpbook," which provides information on how to:

- Recognize a change in someone who may need extra help
- Hire in-home help
- Recognize and understand depression
- Make decisions about driving
- Help memory-impaired elders

Is Powerful Tools for you?

Are you a caregiver? You are, if you:

- Help someone with medication
- Grocery-shop for or with someone
- Take someone to doctor visits and interpret medical instructions
- Check on dietary needs
- Manage cleaning, laundry and other household chores
- Care for someone (long distance) who doesn't live near you
- Provide care or support for someone in your home, in theirs, or in a facility
- Accompany someone on outings
