Halloween Happenings at FV

The Winner Is...

We are excited to announce the winner of our Christmas Card Design Contest! Irene Nushardt, a resident at The Court, painted this scene for the design of this year's Felician Village Christmas card.

The contest began on October 2, when 22 Felician Village resident artists attended a painting class taught by Silver Lake College Student United Way. The students then had the difficult responsibility of judging the entries and choosing six to go to the final round. A voting process by employees, residents, visitors and Facebook followers then determined the winner.

The five runners-up were:

- Harold Kimmel
- Dorothy Henson
- Lorraine Kabat
- Dorothy Yindra
- Helen Brennan

Cards will be available for purchase in the Village Market after Thanksgiving. Please congratulate Irene when you see her and thank all the artists who participated!

Residents' Rights Month

October was recognized as Residents' Rights Month. It was a time to focus on awareness of dignity, respect and the value of long-term care residents.

On Friday, October 5, Manitowoc Mayor Justin Nickels, visited St. Mary's Home at Felician Village to sign a proclamation declaring October 2018 as National Long-Term Care Residents' Rights Month in the City of Manitowoc.

President's Column

As we enter this season of thankfulness, we look back at the lives of the first Felician Sisters who came to Manitowoc. Although things were difficult at times, the Sisters were always thankful for what they had. Father Luczycki, the priest who invited the Felician Sisters to Manitowoc to care for the orphans and cripples, returned to Poland in 1894. With his departure, the printing establishment he had started and which was a source of income for St. Mary's, also disappeared.

Without a steady stream of income, the Sisters took it upon themselves to beg for food and clothing for the orphans and elderly. They became well-known throughout the city as the "Brown Sisters" because of their brown habits. They would go from home to home with a horse-drawn wagon and families would give them whatever they could offer: money, fresh produce, chickens, or a load of coal. The Sisters used the land surrounding the home for planting crops, such as potatoes, beans, peas and corn. The residents, along with the Sisters, worked in the fields, planting and harvesting vegetables. There was a barn in the back of the home which housed milking cows, horses, pigs, and chickens.

St. Mary's was commonly known as the "Poorhouse on Polish Hill," as it was a home for the poor, elderly and orphans who had nowhere else to go. In historical records for the date April 15, 1899, it was noted "The Asylum was visited...and had 45 inmates: 21 female and 24 male. There were 28 orphan boys and 2 insane inmates. Condition of the food, clothing, beds, and grounds is good. Condition of the building is fair. City and county paupers board here."

Blessed Mary Angela, the foundress of the Felician Sisters, reminded her fellow Sisters, "Submit yourself to God's will without reservation and you will merit many blessings." The Felician Sisters in Manitowoc have done that for over 131 years and those blessings continue today.

We are thankful for many things: the modern buildings that house our over 300 residents; our gifted staff who are compassionate and caring; our generous donors who have made possible the Dementia Center of Excellence and many other programs we offer; and for our Board of Directors who spend many hours discussing the future of Felician Village. A very big thank you to all who have made Felician Village what it is today.

Happy Thanksgiving,
