

St. Mary's Home at Felician Village

■ Dementia Center of Excellence

As dementia and Alzheimer's disease continue to grow in prevalence, St. Mary's has established a Dementia Center of Excellence. Some of the Dementia Center of Excellence features include:

- Music & Memory program – use of personalized playlists of familiar music for persons affected with memory loss helps them reconnect to the world through music-triggered memories.
- Ongoing dementia care training for all employees
- St. Mary's SNOEZELEN® Sensory Room provides an opportunity for sensory stimulation and promotes relaxation. A portable cart with items similar to those in the room is also available for use throughout the facility.
- Individualized care plans for all residents

Comfort, security and support

Felician Village

St. Mary's at Felician Village is a skilled nursing facility fully licensed by the State of Wisconsin. Residents receive the highest quality of care in a secure, comfortable and supportive environment.

■ A warm, safe home

At St. Mary's, we are dedicated to providing a warm, comfortable home. As a state-licensed skilled nursing facility, we offer the highest level of nursing care, combined with personal attention, to ensure a safe and supportive environment.

We are committed to your health and well being. You will feel secure and right at home, and your family will have peace of mind.

Pastoral support for all faiths is a major part of the Felician Sisters' tradition. Our campus continues that custom with daily Mass and weekly services for Lutheran/ Protestant faiths.

Come home to St. Mary's ... a home where you can live as independently as possible. Come see the difference for yourself!

Call 920-684-7171, ext. 231, today for more information or to schedule a tour.

■ A care plan that suits your needs

You and your family participate in planning your care. Our staff works 24 hours a day to ensure your needs are met and to improve your quality of life.

We have a full range of on-site therapies, including speech, occupational, physical and massage therapy.

We have a secure, specialized household to meet the unique needs of residents with Alzheimer's and other dementia. We have staff trained in dementia care campuswide.

■ Your home

St. Mary's is designed in the household model. Each of the four households contains a dining area, living room and den. All households have 16 bedrooms. Room furnishings include a lounge chair, lamps, bedside table, closet, and dresser. You are welcome to add your personal touch to make the room uniquely yours.

■ Nutritious and delicious meals

Our staff of nutrition experts, including a registered dietitian, prepares three meals daily that are delicious as well as nutritious. Snacks are also provided on the unit.

■ Daily activities maintain socialization

Our staff provides person-centered care, and a variety of activities including:

- Bingo
- Entertainment provided by community performers
- Wii bowling
- "Dine-ins"/themed meals
- Holiday celebrations
- Ice cream socials
- Karaoke/sing-alongs
- Crafts
- Games
- We offer a computerized brain health program (IN2L) to all residents as well as other brain health programs and games.
